While mask-wearing in the school setting is not required, it is still an effective way to minimise the risk of infectious disease transmission. Staff and students who prefer to continue wearing masks are allowed to do so.

Term 2 Weighted Assessments (WAs)

22. As announced by MOE, each subject has at most one WA per school term. This allows teachers to better pace out teaching and learning, and enhance students' learning experiences. In turn, this helps students to build their confidence and develop an intrinsic motivation to learn. WAs can take different forms for different subjects: Class Tests, Projects, Coursework, or Assignments. The schedule for Term 2 is:

23. **Absence from Weighted Assessment (WA) must be covered with a Medical Certificate** with the diagnosis stated, from a qualified medical practitioner for the school's consideration. **Parents' letters are not allowed.**
24. In the event of absence from class tests due to valid reasons, e.g. representing school or country in official sanctioned competitions and conferences, a "Valid Reason (VR)" will be given for the class test. This is in recognition of students' holistic development, given that the student development and academic domains are both important. Students can attempt the class test at a later date for the purposes of practice, and feedback will be given to support their learning.
25. Beyond WAs, teachers also formatively assess learning outcomes, strengths, and areas for growth of each student by employing questioning techniques during lessons, and assigning class work and homework. Teachers will indicate the assigned homework on the Homework Board in the classroom, and students should record in their copy of the Student Handbook.
26. Students are strongly encouraged to seek consultations with teachers in other subject areas whenever they are in doubt. This will help to address learning gaps earlier in a timely manner.

Home-Based Learning (HBL) and Student-Initiated Learning (SIL)

27. As announced by MOE, Blended Learning is a key feature of the schooling experience to further develop students' ability to be self-directed, passionate, and life-long learners. Through Blended Learning, regularly scheduled HBL Days once a fortnight complement teaching and learning in schools. Students' learning during HBL Days is supported by the NDLP and their procured PLDs.
28. At Serangoon Secondary, HBL Days will take place fortnightly for all students. Below is the schedule for HBL Days for Semester 1:

Term/Week	Date	Level
T2W2	28 March (Tue)	All
T2W4	13 April (Thu)	All
T2W6	28 April (Fri)	Sec 1 – 3 only
T2W8	8 May (Mon)	All

29. A conducive learning environment and access to ICT devices at home are necessary for learning to take place effectively during HBL Days. The school will continue to support students without access to ICT devices. Selected students, based on needs, will also be identified to return to school for in-school HBL during HBL Days.

30. **Student-Initiated Learning (SIL).** As shared in the 2023 Term 1 Letter, all students will be embarking on their 'Student-Initiated Learning' (SIL) during the designated Home-Based Learning (HBL) days. It is scheduled to be carried out after the HBL curriculum lessons. Parents/Guardians are strongly encouraged to play an active role in checking in with your child/ward on the selected SIL activity, and to encourage and motivate your child/ward to give his/her best in the pursuit of the activity.

School Expectations

31. Regular attendance is integral to student learning and engagement in school. Attendance in school is important to ensure that all students gain knowledge and skills consistently throughout the school term. Being present in school regularly will also increase the opportunities for positive relationship-building amongst students and between teachers and students.
32. A medical certificate, from a medical practitioner registered under the Medical Registration Act on the Singapore Medical Council website, is required if your child/ward is unwell and unable to attend school. A parent's letter may be provided for other types of valid absences, e.g. bereavement. **Permission must be sought from the Principal via Form Teachers for all other absences, including overseas travel, during the school term.**
33. As part of the whole-of-nation effort to harness digital technologies to transform Singapore, parents/guardians may now receive a digital MC (DigiMC) from doctors instead. Kindly submit the DigiMC to the school via FormSG (<https://go.gov.sg/sss-emc>). The details to submit a DigiMC may also be found on our school's website at <https://www.serangoonsec.moe.edu.sg/parents-and-students/General-Matters/submission-of-electronic-medical-cert/>.
34. Students coming in after 7.40am will be regarded as late for school and will face consequences (e.g. serving detention). We encourage students to arrive in school at least five minutes before the reporting time. This will help them frame their mind and prepare themselves to learn for the rest of the day.
35. As a school, we strive to inculcate appropriate and responsible device usage in our students. Unless allowed by teachers for learning purposes during lessons, handphone usage is restricted to before 7.40 am and after dismissal. Handphones are not allowed during recess so that students can focus on taking their meals or interacting with their peers. Parents/Guardians can contact the General Office at **6385 1589** if you need to contact your child/ward urgently. Infringement of rules on the use of electronic devices/handphones may result in the confiscation of the device.
36. Care of school facilities is essential to ensure that the on-going refurbishment of school facilities serve students well. We have impressed upon all members of the Serangoon Secondary community (staff, students, and contracted staff) that everyone is responsible for the care of the upgraded facilities. In the event anyone wilfully damages school properties, either directly or indirectly, the school will take appropriate actions to recover the cost of replacing the damaged property (e.g. \$700 per door frame and \$80 per PLD locker door). We would like to enlist the support of all parents/guardians in our effort to inculcate a sense of care and responsibility towards the upkeep of public properties.
37. Students are allowed to wear the **half school uniform** (PE shirt with pants/skirt) on all days. Members of Uniformed Groups (UGs) can also wear their UG pants/skirts with their boots/shoes on Wednesdays and/or Fridays.
38. Further information on school expectations and rules, such as on student bearing and appearance, can be found in Pages 12 to 21 of our Student Handbook, which is available at <https://www.serangoonsec.moe.edu.sg/parents-and-students/Student-Handbook/>.

Safety and Security

39. All students who wish to cycle to school are required to register with the school's Operations Managers. They must observe road safety and are strongly encouraged to wear cycling helmets, even if they are only using park connectors and pedestrian pavements to reach the school. As part of our care for students, we strictly do not allow bicycles without brakes or any form of personal mobility devices (PMDs) into the school compound.
40. As part of our emergency preparedness program, we will be conducting a school Fire Drill Exercise on 24 Mar 2023 (Fri).
41. We require all visitors to register their presence at the Guard Room and wear a visitors' sticker issued by the security personnel and proceed to the General Office. No visitors are allowed to proceed to the classrooms. All visitors should remain at the school foyer or General Office unless escorted by a school staff. We seek your understanding and cooperation to keep our school environment safe and secure.

Updates on School Campus

42. To serve students and staff better, a covered linkway will be built, connecting the school foyer to the bus stop in front of the school (Bus Service 324). The Land Transport Authority had completed the external segment of the covered linkway. Works on the segment within the school compound has started on 13 Mar 2023. The project will be completed by the end of Sep 2023. We had earlier informed all parents through Parents Gateway regarding the temporary closure of the front pedestrian gate due to construction activities.

School-Home Partnerships
